19. Committee Cup Match
Book in via - Iain Chisholm - 01489 600004
20. Booking in by 1800 the night before
21. Free Breakfast before the Match

Match Programme Explanations

1. On each line of the program is the date, draw time, match time, the type of match or who has booked the water, the venue and legend.
 - a. The date is self-explanatory.
 - b. The draw time is the time by which anglers fishing the match need to be there, and to have paid their pools money, before drawing their designated pegs.
 - c. The fish period is the start and stop time of the match; pegs will still be occupied for up to an hour after the stop time to allow anglers to weigh-in and to pack their tackle away.
 - d. The match details tell you whether it is an Association match or a water booking by another club. There are no Open matches.
 - e. The venue details refer to where that particular match is being fished.
 - f. The Legend gives you further details of that particular match e.g. who to book in with, whether or not it is available to all-comers or particular members. The legend should always be read as it can clear up most queries as to what is happening on that particular venue.
2. Most Association matches/water bookings only take up a part of the water and the notice boards by Southwick Lake or the signing-in book on the gate at HMS Sultan provide details of which pegs are being used for that particular match.

3. All match pegs are closed to all anglers four hours before the start time. Once the match is underway pleasure anglers are not to take up empty pegs on the match length.
4. Anglers not reading the match program and not checking the notice boards are not only causing embarrassment to Association officials running the matches but also giving an unfair advantage to the angler that draws that peg in a match.
5. This program is subject to change and it is recommended, if printed out, that the current version on the Association website (<http://www.portsmouthnandrmcaa.org.uk>) is checked for any updates.
6. The Association's rules for both matches and the award of trophies are detailed in the membership book.
7. Match organisers are responsible for passing all results, with a report, to the Trophy Rep (Iain Chisholm) no later than 14 days after the match so that they can be published on the website, and records maintained for award of trophies.
8. Any other queries regarding the match programme please contact the Association's committee member responsible for the overall coordination of the matches: Mike Jones-Thompson on 07759 666938.
